Data of Birth: 8/1/1993

OBJECTIVE

Innovative Web Developer with extensive experience in designing and deploying dynamic, scalable web solutions. Skilled in full-stack development, server management, and optimizing database performance. Dedicated to leveraging modern technologies to deliver impactful, user-centric solutions that drive business success and operational efficiency.

SKILLS AND ABILITIES

Technical Skills

- **Programming and Development:**
 - ✓ ASP.NET MVC,
 - ✓ HTML5, CSS3, JavaScript, jQuery, AJAX
 - ✓ Microsoft SQL Server
- **Tools and Platforms:**
 - ✓ Visual Studio
 - ✓ Microsoft SQL Server
 - ✓ Operating Systems: Microsoft Windows, Linux (rpm, deb)
- **Design Tools:**
 - ✓ Adobe Photoshop.

Computer Skills

- Proficient in software development environments and database management.
- Skilled in using operating systems and development tools efficiently.
- managing production servers.

Personal Traits

- Quick learner with the ability to adapt to new tools and technologies.
- Strong communication and interpersonal skills.
- Team player with experience in collaborative environments.
- Capable of managing multiple tasks and meeting tight deadlines.
- Self-motivated and able to work independently as well as part of a team.

EXPERIENCE

Web Developer **Mazeed IT (October 2022 – Present)**

- Successfully analyzed business requirements and delivered tailored web solutions, enhancing client satisfaction by ensuring alignment with their needs.
- Designed and launched 45+ responsive websites using HTML5, CSS3, and JavaScript, resulting in improved user engagement.
- Developed scalable static and dynamic websites with ASP.NET MVC5, boosting application efficiency by reducing load times by 40%.
- Implemented the Code First approach, streamlining development processes and reducing project completion time by 20%.
- Optimized SQL Server databases, leading to 30% faster query execution and improved overall system performance.
- Deployed projects seamlessly on cloud and physical servers, achieving 99% uptime reliability for all hosted applications.
- Managed and secured server hosting operations, including file management, email configurations, and database administration, ensuring zero critical downtime.
- Enhanced domain and server integrations, enabling smooth workflows for clients across multiple platforms.
- Edited web graphics with Adobe Photoshop and Illustrator, delivering visually appealing designs that improved customer retention rates

Part Time Web Developer **Macaw Media (Part-Time) - (January 2021 – Present)**

- Designed and developed static and dynamic websites tailored to client needs.
- Managed domain registration, hosting services, and email setup for businesses.
- Configured and maintained databases to ensure optimal performance and security.
- Troubleshoot and resolved issues related to hosting, DNS, and website functionality.
- Delivered responsive, user-friendly designs using modern web technologies (HTML, CSS, JavaScript, jQuery, ASP.NET MVC5).
- Collaborated with clients to gather requirements and provide tailored solutions within deadlines.

Web Developer **Imcanat Saudi Arabia (2021– 2022)**

- Developed websites using HTML5, CSS3, and JavaScript.
- Built static and dynamic websites with ASP.NET MVC5.
- Administered and optimized SQL Server databases.
- Managed server hosting, including file systems, and database operations.
- Oversaw domain management and ensured smooth integrations.
